Sickness

Along with winter colds and coughs we have a tummy bug going around. Thank you for your support ensuring children who are unwell are having a day or two at home.

SUMS

Next Friday at 2pm there will be cake (I will bake!) and coffee for those interested in finding out more about their involvement in SUMS. This means you can go straight from this to the Learning Celebration which next week will be singing prior to awards. We will share the purpose of SUMS and brainstorm some ideas/activities for the future.

Visits

We continue to host various staff from around the region, some are even coming back for return visits to look at our teaching and learning. Most recent has been the staff from Parklands Whanau classes and they now want to bring their students and parents to share with us on Friday 12 June. Our Year 8 students are about to spend four challenging days at Whenua iti as part of our leadership programme for our senior students.

We host the cluster teachers for a professional learning afternoon on the 4th of June focussing on moderating writing assessment across the cluster.

And we have NZ Playhouse returning on the 15th of June to present this year's performance "Jack Flash and the Jumping Beanstalk." Watch out for a notice closer to the date.

Regards,

Grant and the team at Upper Moutere School

PUPIL OF THE WEEK

Marama

Alex Moreu; Well done to you Alex! Your reading is a joy to listen to with beautiful phrasing expression and the way you make it sound like talking. You have put effort in to sound like this - awesome.

Phoebe Cudby; your active learning light is shining brightly as you join in with all our new learning. We love this new found confidence Phoebe. Keep up the great work!

Jacob Roberts; for your never give up attitude during the Cross Country. We love the way you got straight back up after getting knocked down and carried on with a huge smile on your face. Congratulations, what a star!

Costa Sutherland; For pushing your boundaries by running in the Cross Country, even though it is not something you enjoy doing. We were all so proud of you.

Turama

Amber - you give cross country training your all. You have grit, determination and take GIANT strides.

Harriet - you're always at the head of the running pack! You have GIANT ambitions to be the best and the fastest.

Maddy - You have been impressing us with your enthusiasm and positive attitude. Your running has shown so much improvement and the way you're participating in gymnastics lessons is inspiring!

Nunya - You have really impressed us the last couple of weeks with your attitude towards learning outside the classroom. You are going the extra mile, learning from home, proving that learning happens all the time!

Ramaroa 5

Zoe Stevens; Her active light is switched on bright. She takes responsibility for her learning; completing tasks to a high standard and sharing her thinking.

Kiri Edwards is working hard to develop her numerate light. She is showing great effort and enthusiasm towards her numeracy progress. You're a star!

Max Brown is a great team member in Ramaroa 5. He is developing great learning habits, is listening to feedback and sharing his ideas and thinking clearly to his group.

Ramaroa 6

Roma Edwards – for overcoming obstacles in your way and still being keen to support others in the class.

Thank you for refereeing the games and cheering on runners.

ROCK CAMP 2015 at The Playhouse Cafe

The very popular Rock Camp is back again at The Playhouse for a 6th time. This week of music and fun is designed for kids aged 9 to 15 of all musical ability and talent. The camp focuses on performance more than technique, encouraging students to form small bands on the first day of the course and practice throughout the week working towards a concert to be held on the Friday evening for friends, family and the public. The dates of the 2014 Rockcamp are Monday 13th till Friday 17th. (The second week of the July school holidays.)

Did you know?

That some children only suck the toothpaste off their brush! Make sure **all the surfaces** of all their teeth and their gums are cleaned – outer, inner, upper, lower and the busy chewing surfaces. By teaching them to spit out the toothpaste, rather than rinsing it off, the fluoride also continues to strengthen their teeth.

Evie Jamieson, Billie Ewers and Eamonn Smith ... for stunning independent writing that really impressed. Fantastic stuff, I am looking forward to reading more.

Mya Avery

For persevering and giving cross country 110%. It was so great to see you gather speed as you heard people cheering your name.
